

# BI5U-Q12-AP6X2-V1131 Inductive Sensor – With Extended Switching Distance

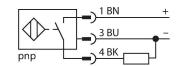

#### Technical data

| Type                                      | BI5U-Q12-AP6X2-V1131     |  |
|-------------------------------------------|--------------------------|--|
| ID                                        | 1635524                  |  |
| General data                              |                          |  |
| Rated switching distance                  | 5 mm                     |  |
| Mounting conditions                       | Flush                    |  |
| Secured operating distance                | ≤ (0.81 × Sn) mm         |  |
| Repeat accuracy                           | ≤ 2 % of full scale      |  |
| Temperature drift                         | ≤ ±10 %                  |  |
| Hysteresis                                | 315 %                    |  |
| Electrical data                           |                          |  |
| Operating voltage U <sub>B</sub>          | 1030 VDC                 |  |
| Ripple U <sub>ss</sub>                    | ≤ 10 % U <sub>Bmax</sub> |  |
| DC rated operating current I <sub>o</sub> | ≤ 200 mA                 |  |
| No-load current                           | ≤ 15 mA                  |  |
| Residual current                          | ≤ 0.1 mA                 |  |
| Isolation test voltage                    | 0.5 kV                   |  |
| Short-circuit protection                  | yes/Cyclic               |  |
| Voltage drop at I <sub>e</sub>            | ≤ 1.8 V                  |  |
| Wire break/reverse polarity protection    | yes/Complete             |  |
| Output function                           | 3-wire, NO contact, PNP  |  |
| DC field stability                        | 300 mT                   |  |
| AC field stability                        | 300 mT <sub>ss</sub>     |  |
| Switching frequency                       | 1 kHz                    |  |
| Mechanical data                           |                          |  |
| Design                                    | Rectangular, Q12         |  |
| Dimensions                                | 40 x 26 x 12 mm          |  |
| Housing material                          | Plastic, PA12-GF30       |  |

#### **Features**

- Rectangular, height 12mm
- Active face, lateral
- ■Plastic, PA12-GF30
- Factor 1 for all metals
- Increased switching distance
- ■Protection class IP68
- Resistant to magnetic fields
- Mountable on metal
- ■DC 3-wire, 10...30 VDC
- ■NO contact, PNP output
- ■M8 x 1 male connector

#### Wiring diagram

## Functional principle

Inductive sensors are designed for wear-free and contactless detection of metal objects. uprox+ sensors have significant advantages due to their patented multi-coil system. They excel thanks to their optimum switching distances, maximum flexibility and operational reliability as well as efficient standardization.

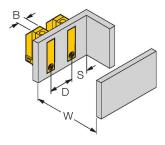

## Technical data

| Active area material     | PA12-GF30                                 |  |
|--------------------------|-------------------------------------------|--|
| Electrical connection    | Connector, M8 × 1                         |  |
| Environmental conditions |                                           |  |
| Ambient temperature      | -25+70 °C                                 |  |
| Vibration resistance     | 55 Hz (1 mm)                              |  |
| Shock resistance         | 30 g (11 ms)                              |  |
| Protection class         | IP68                                      |  |
| MTTF                     | 874 years acc. to SN 29500 (Ed. 99) 40 °C |  |
| Power-on indication      | LED, Green                                |  |
| Switching state          | LED, Yellow                               |  |

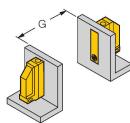

## Mounting instructions

### Mounting instructions/Description

| Distance D          | 48 mm |
|---------------------|-------|
| Distance W          | 25 mm |
| Distance S          | 12 mm |
| Distance G          | 50 mm |
| Width active area B | 12 mm |

The sensors can be mounted directly side by side if a sensor with offset oscillation frequency Bi5U-Q12.../F2 is used.

## Accessories

| Dimension drawing | Туре        | ID      |                                                             |
|-------------------|-------------|---------|-------------------------------------------------------------|
|                   | PKG3M-2/TEL | 6625058 | Connection cable, M8 female connector, straight, 3-pin, cab |
|                   |             |         | oormeotor, straight, o pin, oak                             |

Connection cable, M8 female connector, straight, 3-pin, cable length: 2 m, jacket material: PVC, black; cULus approval
